

FES FINANCE UPDATE

Your partnership in supporting FES financially indeed shapes the lives of our students and develops future Christ-like leaders who impact the church and society. To do it sustainably, we recognise that ease in mode of giving is one essential element. Here is a new initiative, as well as some plans we will carry out in the near future:

In addition to the standard **Cheque** and **Giro**, we just implemented a savvier way: **PayNow**. It is an electronic fund transfer service that allows you to transfer funds instantly to FES, using our designated UEN number, instead of bank account number.

Together with IFES, we are developing a special **giving page** to FES, in which, after you sign up as a donor/supporter, not only will you receive prompt acknowledgment to your gift, manage the amount, and see your giving history, but you will also receive our news update and ministry report – all in one customised login page. This will make your giving to FES a total experience. We hope that this will be ready by the middle of 2019.

We do believe that our donors and supporters are not only integral to our passion to fulfill the vision of student ministry, but also inherently part of our families, our fellow workers, and our pilgrim friends. Thank you for your continuing and faithful support for the FES ministry.
